## FEW OF THE MANY RESCUES

**Caeser**

Caeser is a Labrador who was rescued from Moratuwa. His owners went overseas and gave him to someone to look after him but he was badly neglected. Caeser has multiple cancer growths on the body for which he is currently receiving treatment at the hospital.

**Blacky**

Blacky is a senior dog who was recently rescued by us. She is suffering from an infected ulcerated mammary tumor and is scheduled to go under surgery once her blood levels have improved.

**Kent**

Kent was rescued from Kirulapana with several injuries on his front and hind legs. He is also a heart patient and suffering from a chronic cough.
