### KALUBOWILA BROWN (DAISY) RESCUED

Brown had been in an accident and rescued from the Kalubowila Hospital car park in August. Neyomal, a gentleman who had spotted Brown, informed us about him. Embark took the dog to the hospital, but the vets were not sure if he would survive the night. He was unconscious for a few days, but eventually woke up and started walking. We commend people like Neyomal who care enough to stop for Brown when everyone else walked away. Brown has recovered and is back at the car park where Neyomal welcomed him.

### AN APPEAL FOR BIGU

Bigu is a lion shepherd who was rescued from a home in early August. Bigu is receiving medical treatment and socialization to ensure she finds a forever home. Dogs of breed are often bought for a price but neglected by their owners because they are not up for the responsibility or commitment. To sponsor Bigu please call 0773429025 or email [embark@embarkpassion.com](mailto:embark@embarkpassion.com)

### EMBARK FOLLOW UP VISITS

The Embark Puppy Adoption Program is conducted once a month in Colombo and out of Colombo where an average of 15 – 20 pups find their forever homes. The team carries out follow up visits to see if the pups have settled in well with their new families as their wellbeing is Embark's priority. Caring for a dog is a commitment and a responsibility and we truly value those who take it seriously.

### EMBARK PUPPY ADOPTION DAY

The Colombo Puppy Adoption Day was held at the Race course, Good Market. 23 pups found their forever homes on that day. The next puppy adoption day will take place on the 30th of September at Race Course, Good Market Colombo.
