## FEW OF THE MANY RESCUES

**Bran**

Bran from Biyagama was diagnosed with a severe rash and wounds. Bran is currently receiving treatment at the hospital and he will need a few weeks to recover.

**Dane**

Dane was rescued from Delkanda a few weeks ago with a severe skin rash. He was emaciated and had a large wound on his forehead. Dane is recovering well but he needs to stay a few more weeks at the hospital with us.

**Mo**

Mo was in so much pain when we rescued her with a big mammary cancer. She is now receiving treatment and she has to undergo a surgery to remove the cancerous growth.
