FREE AT LAST: BRUNO’S STORY

Bruno was rescued by Embark after a call that came all the way from the USA. Dr. Francesca Bremner had seen a beautiful brown and white dog locked in a cage at a relative’s house, while on holiday in Sri Lanka. She was desperate to give this dog a new life and after returning to the states, called Embark.

A young dog who was condemned to life in a cage was suddenly given a lucky break and her life changed forever!

HOPPER NEEDS YOU!

Hopper was spotted near a popular eatery in Ambepussa, she stood out because of her unusual, loose rolls of skin that were completely hairless. It was clear she was suffering from a severe skin infection.

A DAY AT THE HOSPITAL, WITH OTARA

There is nothing the dogs at the hospital want more than to greet visitors. Over the years we have been able to observe how much quicker the recovery process is when dogs receive love and attention.

CREATING HAPPY AND SAFER PUBLIC SPACES

Embark regularly receives requests to conduct one-off CNVR clinics in hospitals, schools, hotels and even temples. Each request is a valuable opportunity for us to help animals and communities!
