LION-ROCK DOGS: EMBARK IN SIGIRIYA

Embark’s latest catch-neuter-vaccinate-release (CNVR) programme commenced this month in Sigiriya; co-funded by Embark, Fondation Brigitte Bardot (FBB), Jetwing Vil Uyana and implemented in partnership with Best Care Animal Hospital.

242 sterilisations, 367 vaccinations, and 251 treatments were completed at the first six-day clinic.

LEARNING TO WALK AGAIN: EMBARK PHYSIO

Despite animal physiotherapy being new to Sri Lanka, our veterinary and field teams have been working together for many years to improve the odds for street dogs who have lost the use of their limbs.

SEARCHING FOR LOVE: TUTU’S STORY

Tutu showed up on the doorstep of some very poor people about a year ago. Being kind hearted, they started feeding her and eventually took her in. However, just three months ago, a vehicle hit her and broke two of her legs.
